Dear Vittoria

**Freedom of Information Application: Alcoa's Annual Review of Ground and Surface Water Management Reports**

**FOI Request:**

- Alcoa's Annual Review of Ground and Surface Water Management Reports for the period **January 2016 to June 2017**.

This is because we are concerned with the general conduct of Alcoa and the Department's regulation of Alcoa over the last few years and due to growing concerns of Alcoa operations in particular the groundwater contamination, water usage and with the added shortage of rainfall due to our drier winters compounds the problems.

In regard to Alcoa Wagerup operations: Area, as per attached map.

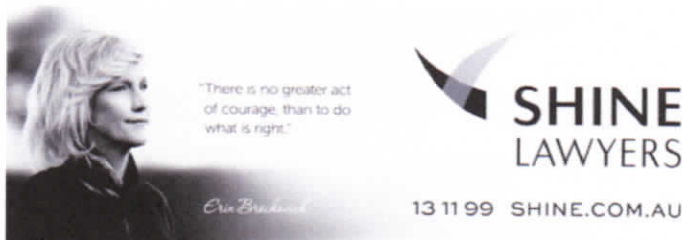

Yours sincerely
